# ROTO MOULDED PLASTIC PALLET

*One Stop Storage Solution  
In Material Handling Equipments*

## “Durable, Versatile, and Built to Last”

### ROTO MOULDED PLASTIC PALLET

Roto moulded plastic pallets are a type of pallet manufactured using a process called rotational moulding. This technique involves heating a hollow Mold and filling it with powdered plastic. The Mold is then rotated on multiple axes, ensuring the plastic coats the entire interior. Once cooled, the Mold is opened, revealing a one-piece, seamless pallet.

## Benefits and Advantages

#### 1. Durability

Roto moulded pallets are incredibly strong and resistant to impact, chemicals, and corrosion. They can withstand harsh environments and heavy loads, making them ideal for long-term use.

#### 2. Lightweight

Despite their strength, roto moulded pallets are significantly lighter than traditional wooden pallets. This translates to reduced shipping costs and easier handling.

#### 3. Hygiene

The one-piece construction of roto moulded pallets prevents harbouring bacteria or moisture, making them ideal for cleanroom applications and food processing.

#### 4. Versatility

Roto moulded pallets come in various sizes, designs, and weight capacities to suit diverse applications. They can be customized with features like anti-slip surfaces, drainage holes, and nesting capabilities.

## FEATURES

#### 1. Seamless Construction

Eliminates weak points and reduces risk of splintering or breakage.

#### 2. Chemical Resistance

Can withstand exposure to acids, oils, and other harsh chemicals.

#### 3. Temperature Resistance

Perform well in extreme temperatures, both hot and cold.

#### 4. Low Maintenance

Easy to clean and require minimal upkeep.

#### 5. Long Lifespan

Provide years of reliable service with minimal degradation.

**1000\*1200\*160 MM | ROTO PALLETS**

MODEL NO.	STATIC	DYNAMIC	RACKING
RSP-1012 LW	1500 kg	400 kg	NA
RSP-1012 LW HS	2000 kg	500 kg	500 kg
RSP-1012 MW HS	3000 kg	1000 kg	1000 kg
RSP-1012 HW HS	4000 kg	1200 kg	1200 kg

**TYPE**

Type 3 Runner 2 Way Entry From 1000 mm Side without Rack Lock

**1200\*1200\*160 MM | ROTO PALLETS**
