MULTI TIER BOLTLESS LONG SPAN SHELVING RACK

*One Stop Storage Solution
In Industrial Racking System*

“Tier Up For Maximum Space”

Multi-tier: These racks feature multiple levels, allowing you to store a large amount of material in a compact footprint. This is especially beneficial in warehouses, garages, or any space where floor space is limited.

Some Benefits of Multi Tier Boltless Long Span Shelving Rack:

- *Increased storage capacity*
Maximize your vertical space and store more items in the same footprint.
- *Improved organization*
Keep your inventory organized and easily accessible, making it easier to find what you need.
- *Easy to assemble and adjust*
The boltless design makes them quick and easy to set up and reconfigure as your needs change.
- *Durable and versatile*
Can handle heavy loads and are suitable for a wide range of storage applications.

Highlight

As the name suggests, these racks assemble without nuts and bolts, making them quick and easy to set up and reconfigure. This is a major advantage over traditional bolted shelving, which can be time-consuming and require tools to adjust. Long span: The shelves are designed to support heavy loads and long spans, making them suitable for storing bulky or oversized items. This flexibility makes them suitable for a wide range of applications.

Applications

- Warehouses*
- Homes*
- Libraries*
- Garages*
- Retail stores*
- Offices*
